Chapter 1 by Story Wars

Every moment and love story starts from a unexpected moment that moment has made me think. One soccer game and already a kiss near the bus stop.I wounder what might have happen next but he got in our car and he went straight home with us he keep asking why i was mad but no answer came from my mouth.I went to go drop him off and he tried to hold my hand and i left by the second time i knew i liked him so why was i playing it off.The next day he had a game and he knew he had gotten in trouble because when he kissed me my father assistant coach saw when he kissed me.My father had told me to tell him that if he have done it again he will have to leave the team.So then a week later it was soccer practice and well he told my friend that if i would like to go out with him when it came to January 10,2015 i have told him what he wanted to ask me he said he forgot well then i told him i knew and i said yes.Every Saturday and Sunday we saw each other and kissed without anyone knowing until i had to tell my friend and she felt happy.That one month came and he gave me a emoji key chain and i have gave him a blue baby puppy.By the second month it was over our love circle was over and that's how it ended.
